

The Brazilian Society of Space Geophysics and Aeronomy will promote its XI Symposium. The Symposium will take place on June, from 19 to 23, in Araguatins - TO. We invite all researchers, students and area enthusiasts to participate in a traditional Brazilian scientific event, and visit a beautiful area in the North Region of Brazil. Abstract submission deadline is **February 25 to March 25, 2023**.

Scientific papers, send to: ixsbgea.ifto.araguatins@gmail.com

Lectures with contributions and guests will be organized in the following scientific sessions:

Session 1 - Ionosphere: Terrestrial and Planetary

Session 2 - Physics and Chemistry of the Neutral Atmosphere

Session 3 - Space Weather and Sun-Earth Relations

Session 4 – Solar Physics, Interplanetary Medium and Planetary Magnetosphere

Special Session - Contributions of Space Physics and Aeronomy to Agriculture and the Environment.

More information, visit: https://sites.google.com/ifto.edu.br/sbgea/

We count on everyone's help in publicizing the IX SBGEA.

Best regards,

PhD Maukers Alem Lima Dias

On behalf of the Local Organizing Committee
